SOCIETY WOMAN'S
DRESS NEEDS TOLD
IN ALIMONY PLEA

(Special to The Evening World.)
PHILADELPHIA, June 12.—Half a dozen evening gowns in winter. A like number in summer. Three or four winter street suits. Three sets of furs, at least.

Two or three fur coats. A few more street suits for summer. Half a dozen tea gowns for winter. Same number for summer. Several dozen pairs of shoes, slippers and pumps. Hats—a dozen at least, for winter and more for summer. These are absolute essentials of a society woman's wardrobe, explains Mrs. Helen Gallatin Welsh, who is suing Charles Newbold Welsh for divorce, demanding \$6,000 alimony a month and counsel fees. Mrs. Welsh says she needs at least \$12,000 or \$15,000 a year for clothes. But with a husband's love she would be happy on \$5 a week, she declares.

FLOOD FREED IN DUBLIN.

Sergeant Acquitted by Court-Martial of Murder of Lieutenant.
DUBLIN, June 12.—Sergeant Robert Flood of the Royal Dublin Fusiliers was found not guilty of the murder of Lieutenant A. J. King, Edward's Horse, and William J. Rice, a brewery employee, by the court-martial today. He was released.

To Jail for Abusing Father, 60.
CAMDEN, N. J., June 12.—William Brum, sixty years old, was given twenty days in the county jail today by Magistrate Stockhouse for being intoxicated and abusing his father, Frederick Brum, ninety years old. William, the youthful son, is an expert drunkard, but appears to have a fondness for drink and does not like to be lectured by his father.

There is an added advantage in practicing the exercises to regain the youthful and beautiful contour of the neck and chin because all movements which directly affect the throat, neck and upper chest strengthen the muscles in the immediate region, making them healthy and practically immune from contagious diseases, sore throat, coughs, chest pains, catarrh, cold in the head and other common disorders. They also lend poise by improving the carriage of the shoulders, head and chest and giving symmetry and grace to the neck, shoulders, throat and bust.

BLOTCHES COVERED
LIMBS AND SCALP

Would Itch Until Almost Unbearable. Lost Sleep. Scalp One Mass of White Dry Scales.

HEALED BY CUTICURA
SOAP AND OINTMENT

"My eczema appeared as red blotches which became dry and scaly. My limbs and scalp were covered with these small spots which would sometimes itch until it became almost unbearable. Scratching made these spots bleed and cause much pain, and I lost many nights sleep on account of the incessant itching and burning. I spent many hours in torture. My scalp was one mass of white dry and itching scales.

"Noticing an advertisement of Cuticura Soap and Ointment I decided to give them a trial. After a short while I was healed." (Signed) Miss Florence F. Schaefer, 607 Humboldt St., Brooklyn, N. Y., July 23, 1915.

Sample Each Free by Mail (With 32-p. Skin Book on request. Address post-card "Cuticura," Dept. T, Boston.) Sold throughout the world.

OSBORNE MIXED ON
DATES OF LETTERS
OF "DEAR OLIVER"

Lawyer Admits That His Testimony About Them Previously Was Inaccurate.

Attorney Slade, for Rae Tanzer, on trial for perjury before Judge Wolvert and a jury in the United States District Court, took a new switch to-day when he intimated in his cross-examination of Attorney James W. Osborne that one line of his defense would be that his client should not have been indicted for perjury any more than the attorney. Miss Tanzer was indicted for alleged false testimony in the trial of Franklin Safford for perjury.

Mr. Slade drew the admission from Mr. Osborne that while his testimony in the Safford trial was true, there were inaccuracies in it regarding dates.

When Mr. Slade read to Mr. Osborne the letter which yesterday reduced Rae Tanzer to terms and subsequently caused her collapse, he asked him if he did not know that the addressee of the letter had ruined her life.

"Somebody had," replied Mr. Osborne. "Dear Oliver did."

"What did you do on receiving the seven letters addressed to you at the New York Athletic Club?" asked Mr. Slade.

"I telephoned to Miss Ferris, my private secretary, to meet me at the Roma Restaurant, at Sixth Avenue and Fifth Street. I wanted a woman with a soft voice to talk to the writer to tell her she was mistaken. If she were a crank she might soothe her; if a blackmailer she might show her that she was wrong; if she was a woman honestly mistaken she could tell her that she was writing to the wrong Osborne."

Mr. Slade sought to fix the date of the night that Mr. Osborne got the Rae Tanzer letters to "Dear Oliver" at the club. He read from the record of the Safford trial that Mr. Osborne had testified that it was about Feb. 15 or 16, 1915. Yesterday Mr. Osborne told Mr. Rand that it was on Feb. 11.

"Then is the testimony you gave in the Safford trial true or not?" asked Attorney Slade.

"It was true, but inaccurate."

"Were you indicted for perjury because of that testimony?"

Prosecutor Rand was on his feet in a minute, but the Court said:

"He has never been indicted for perjury."

Like a Boy at 50 Bubbling Over
With Vitality—Taking Iron Did It

Doctor says Nuxated Iron is Greatest of all strength builders—Often increases the strength and endurance of delicate, nervous folks 200 per cent. in two weeks' time.

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret he said was taking iron—Nuxated Iron had filled him with renewed life. At 30 he was in bad health; at 40 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much of what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong, it is because you are not getting enough iron. It is the life-giving element in the following test: See how long you can

work or how far you can walk without becoming tired. Next take two iron tablets of ordinary Nuxated Iron three times per day, after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people, who were ailing all the while, double their strength and endurance. And entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time, simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old form of reduced iron, iron acetate or lactate of iron, which is a very poor form of iron. You must take iron in a form that can be easily absorbed and assimilated, like Nuxated Iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the value of iron strength and endurance. And filled his blood with iron before he went into the arena. While another weaker man has gone down in ignominious defeat simply for the lack of iron.

NOTE: Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor a drug. It is a natural iron compound, and is not a chemical compound. It is not a patent medicine nor a drug. It is a natural iron compound, and is not a chemical compound. It is not a patent medicine nor a drug. It is a natural iron compound, and is not a chemical compound.
